

ECLIPSE 2026 OVER THE SEA

Mike Beckage/Lowell Observatory.

THE UNIVERSE MAY BE VAST, BUT THIS ECLIPSE IS YOURS

Some moments can only be captured perfectly at sea. Next August, **Azamara Cruises®** and **Lowell Observatory** bring you three **exclusive eclipse cruises** where the vast Atlantic becomes your private planetarium. With expert astronomers, unobstructed views, and zero light pollution, you'll witness totality not as a tourist, but as part of the moment itself. **Three dates, three chances** to be exactly where the universe wants you to be. **Book Now.**
