

ALASKA CRUISETOURS

BEYOND THE SHORE

Denali National Park, Alaska

ALASKA CRUISETOURS IMMERSIVE. WILD. WONDERFUL.

Your clients can dive deeper into Alaska's pristine beauty, Native culture, and abundant wildlife with an Azamara Cruisetour, crafted to provide a more immersive Alaska experience, before or after their cruise.

We're excited to return to this magnificent destination in 2026, offering 2-, 4-, 5- and 6-night transformational Cruisetours to cosmopolitan cities, quaint towns, and charming outposts, giving them the chance to experience the essence of Alaska—beyond the shore.

As the leader in Destination Immersion, Azamara is proud to introduce our curated Alaska Cruisetours, years in the making. These exclusive and unique land tours, combined with our small ship, provide a deeper level of exploration, without the crowds. And because we take care of every little detail, your clients can relax and enjoy each seamless moment of their land and sea adventure.

Imagine them staying in a glacier-carved valley in Girdwood, Alaska, and soaking in nature at a Nordic Spa. Or spotting bears from the comfort of a Land Rover during their stay in the heart of Whistler, British Columbia. From Talkeetna, Alaska, they can hop aboard a luxury dome railcar to Denali National Park, or from Vancouver, Canada, ride the rails to Banff National Park, admiring stunning vistas at every turn of the track.

Our Alaska cruises begin in May 2026, aboard Azamara Pursuit® and will embark on a series of 10- to 13-day sailings to remote and beloved destinations. With extended stays in port of 10+ hours, combined with our land-based pre- and post-Cruisetours, a transformational journey awaits every Alaska explorer.
